RE: First Readings of March 17, 2016 Meeting

First Reading authored by Ms. Denapolis-Bosarge

Move that the K-8 schools who are fielding athletic teams receive the same stipend as the middle schools for the remainder of the 2015-16 school year.

First Reading authored by Ms. Denapolis-Bosarge

Move for the 2016-17 budget year and thereafter, to include K-8 schools in the stipend that the middle schools receive from the Athletic Department.

Rationale: to help defray the costs of uniforms, coaches, referees and transportation. K-8 schools field athletic teams in grades 6-7-8 just as do the middle schools. This will place all schools fielding athletic teams in grades 6-7-8 in the same level of funding.
