

Quality Assessment Checklist

Prior to test administration, teachers using Teacher-Created Assessments must submit two (2) assessments (a pre- and post-test) to their evaluator. This form is to be filled out by the evaluator to ensure that both assessments meet all three Compass criteria: Priority of Content, Rigor, and Quality of Evidence.

Both assessments (pre- and post-test) must be approved, and a copy of this form, along with the pre- and post-assessments, should be kept on file at the school by the school evaluator. If both assessments do not meet all criteria, the evaluator must provide feedback to the teacher and provide enough time for the teacher to make changes and administer the pre-assessment.

Whenever possible, teachers should collaborate on both the pre- and post-assessment creation process.

School: _____ Grade Level/Subject: _____

Teacher Name(s): _____ Evaluator Name: _____

Assessments	<input type="checkbox"/> Pre-Assessment is provided. <input type="checkbox"/> Post-Assessment is provided.	I reviewed the pre- and post-assessment for this teacher on: / /2018
Priority of Content	<input type="checkbox"/> Items/tasks are aligned to the Common Core State Standards. <input type="checkbox"/> If CCSS are not available, items are based on other national, state or local standards. <input type="checkbox"/> Test items/tasks match the full range of cognitive thinking required during the course.	Evidence/Feedback:
Rigor	<input type="checkbox"/> The assessments require students to engage in higher order thinking. <input type="checkbox"/> The assessments are written using grade/subject appropriate vocabulary. <input type="checkbox"/> Test items, tasks, and rubrics are challenging for grade-level/course. <input type="checkbox"/> Multiple choice questions are multi-step and complex where appropriate. <input type="checkbox"/> If student can pass these tests, they will be adequately prepared for future courses that build on knowledge from this course.	Evidence/Feedback:
Quality of Evidence	<input type="checkbox"/> The assessments contain a clear scoring guide or rubric. The guide differentiates between levels of knowledge/mastery. <input type="checkbox"/> Test items/tasks are written clearly. <input type="checkbox"/> Test items provide students multiple opportunities to demonstrate mastery/growth (i.e. multiple choice, short answer, say etc.)	Evidence/Feedback:

I approve of the pre-and post-assessments/tasks and any accompanying rubrics without further change.

Please make the changes suggested in the feedback above and resubmit assessment by _____.

Signature of evaluator: _____ Date: _____

Signature of teacher: _____ Date: _____
